# WELCOME MESSAGE

ASSOC. PROF. DR. DR. TEGUH  
TANUWIDJAJA, M.BIOMED (AAM)

Dear Esteemed Colleagues, Partners, and Friends from Around the World, It is my utmost honor and privilege, as the President of the International Society of Aesthetic Medicine (ISAM) and CEO of i-SWAM, to welcome you to the 16th edition of the International Seminar and Workshop in Aesthetic Medicine — i-SWAM 2025.

Since 2006, iSWAM has stood as the original pioneer of scientific aesthetic congresses in Asia Pacific, now evolving into a leading global platform that connects more than 20,000 medical professionals from 45+ countries every year. This year, we return to ICE BSD, Indonesia on 5–7 December 2025, stronger, bigger, and more united than ever.

i-SWAM 2025 brings together over almost 300 world-renowned experts, multiple specialty tracks including aesthetic medicine, plastic surgery, dermatology, and advanced cadaver dissections, all curated to provide a truly immersive and multidisciplinary scientific experience.

I would like to extend my deepest gratitude to every delegate, speaker, academic partner, and exhibitor who has joined us on this journey. Your trust and participation are what continue to make i-SWAM a symbol of progress, innovation, and collaboration in our field.

Let this be more than just a conference. Let this be a celebration of science, a platform for global dialogue, and a milestone in the future of aesthetic medicine. I look forward to learning, connecting, and shaping the future — together with you — at i-SWAM 2025.
